DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE

The house was built in three parts beginning in 1870. The center, a small, square, story and a-half section, is the oldest part. The rear story and a-half section was added next; and finally, the three bay, two story, main part was constructed.

The main facade is three bays with a central doorway. The flanking windows are 2/2 double hung sash. The boxed cornice is returned in the gable ends. A one story porch extends across the facade.

West of the house is a stone springhouse, the roof of which, has collapsed.

Montgomery County Planning Board

February 2, 1990

Mr. David Sobers, Acting Director  
Department of Environmental Protection  
Executive Office Building  
101 Monroe Street  
Rockville, MD 20850

Dear Mr. Sobers:

During its regular meeting on February 1, 1990, the Montgomery County Planning Board conducted a public hearing, as required under the Moratorium on Alteration and Demolition - Section 24A-10 of the County's Historic Preservation Ordinance, in order to make a finding on the significance of the Lynch House, identified in the Locational Atlas and Index of Historic Sites as Resource #29/25, pursuant to an application for a demolition permit on this property.

After taking testimony on this issue, the Board found that this resource located at 8919 Brickyard Road in Potomac does not warrant designation on the Master Plan for Historic Preservation. At the conclusion of the hearing, the Board closed the record on the resource and voted unanimously (with one Board member absent) to remove this property from the Locational Atlas in order to allow the issuance of a demolition permit.

Please adjust your records to reflect the Planning Board's action. If you have any questions or need any further information on the Board's action, please do not hesitate to contact Gwen Marcus at 495-4570.

Sincerely,

*Gus Bauman*
